 power**

**The world's largest renewable energy generator offers \$0.01/kWh power and leases in excess of \$1 per square foot for a limited time.**

The state of New Jersey recently announced a new Transition Renewable Energy Certificate (TREC) program **allowing us to bring you solar energy for a penny.**

**Solar power for a penny and leases for more than \$1 per square foot**

Whether you've been considering solar for your business or not, now is the time to find out if solar is right for you. With the TREC program, NextEra Energy Resources\* is offering \$0.01/kWh power and leases in excess of \$1 per square foot, for a limited time.

**Why choose NextEra Energy Resources\***

- » Subsidiary of NextEra Energy, Inc., a publicly traded Fortune 200 Company (NYSE: NEE) and the world's largest generator of renewable energy from wind and sun, with more than 46 gigawatts of operating energy assets
- » NextEra Energy Resources\*, our direct parent company, owns and operates more than 40 solar projects across New Jersey, totaling more than 50MWs, including rooftops of all sizes

**Let's get started**

If your business owns at least 50,000 sq. ft. of roof space we should talk now. With power rates so low, this program is likely to end soon. Call Sebastian Jano at **610-316-4384** or email **TREC@NextEraEnergy.com** to get started.
